

MEMORANDUM

Date: September 30, 2003

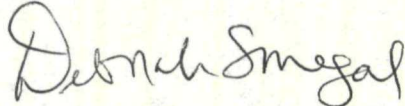

Subject: **6 (a)(2) Screening for Ucarcide™ P200 Antimicrobial**

EPA Reg: 464-713

Ucarcide™ P200 Antimicrobial

DP Barcodes: D293378

PC Code: 129017, 1, 2-Benzenedicarboxaldehyde

From: Deborah Smegal, Toxicologist
Risk Assessment and Science Support Branch (RASSB), Antimicrobials Division
(AD)[7510C] 

To: Marshall Swindell, PM 33
Sharon Carlisle, PM Team Reviewer
Regulatory Management Branch
Antimicrobials Division [7510C]

Thru: Norman Cook, Chief, RASSB/AD [7510C] 

Applicant: Dow Chemical Co, Midland, MI.

Synonym: ortho-phthalaldehyde (OPA)

ACTION REQUESTED: Re: "In Vivo/In Vitro Unscheduled DNA Synthesis in Rat Primary Hepatocyte Cultures at Two Timepoints with a Dose Rangefinding Assay with Ortho-Phthalaldehyde (OPA)". Review the attached submission for 6 (a)(2) screening, MRID 459010-01.

CONCLUSIONS: RASSB concludes that this substance, as noted in the above study, does not require an expedited review.

Note: Hard copy of the study and administrative information will be returned to Norm Cook.
